**Thunder evacuation plan**  
Thunder alert is one long warning sound. In case of thunder alert players must go to nearest safe spot at the golf course area, which are marked below with yellow rounds. Continue playing only after you hear two short sounds, when thunder alert is over.

**Äikese evakuatsiooniplaan**  
Äikese hoiatus on üks pikk sireen. Äikese puhul tuleb mäng viivitamatult katkestada ja siirduda lähimasse evakuatsioonipunkti, mis on märgitud skeemil kollase ringiga. Mängu võib jätkata ainult kahe järjestikkuse sireeni kõlomisel.
